Mysore State.

To

The Secretary to the Government of His Highness
the Maharaja of Mysore,
General Department.

SIR,

In continuation of my letter No.456, dated 24th August 1917, soliciting the sanction of the Government to the renewal of prospecting license No.350, for mica and asbestos over a block of land in the Hole-Narsipur Taluk, for a period of one year from the 19th August 1917, I have the honour to forward herewith for the information of Government a copy of a letter, dated 22nd August 1917, from Mr.T. Chinnaswami Iyer, the present holder of the license, reporting his desire to take as his partner in connection with the said license, Mr.M. Singaravelu Mudaliar, Mysore Government pensioner, and to take out a mining lease over 160 acres of land mostly comprised in the prospecting block, and to continue to retain the remainder of the area of the prospecting block under the prospecting license. The transaction amounts to a transfer of a portion of Mr. Chinnasami Iyer's interests in the license to Mr. Singaravelu Mudaliar. A draft of the deed of agreement proposed to be executed by the parties in respect of the transfer has been received and is submitted herewith for perusal and kind return. The draft deed is in order; and I see no objection

6

to the proposed transfer. I beg, therefore, to recommend that the sanction of Government may kindly be accorded to the same.

2. An application in the prescribed form has also been received in this office for the mining lease required and a copy of the same is submitted herewith. The applicants are entitled to the lease under the terms of the license. Further, in consequence of the excavations in the block being of considerable size, Mr. Chinnasamy Iyer had already been called upon to decide to take out a mining lease. The area of the mining block is in conformity with the rules and the major portion of it is within the prospecting block. The mining lease applied for may, therefore, be kindly sanctioned and the parties allowed to continue to hold the remainder of the area of the prospecting block under the existing prospecting license.

I have the honour to be,

Sir,

Your most obedient servant,

B. Jayaram,

Offg. Director,

Department of Geology.

Letter, dated 22nd August 1917, from Mr. T. Chinnasamy Iyer, Proprietor, The Mysore-Hassan Mica Mines, 141, Narain Pillay Street, Cantonment, Bangalore, to the Director, Department of Mines & Geology, Bangalore.

I have the honour to report for the information and approval of Government that I intend to take Mr. M. Singaravelu Mudaliar, Mysore Government Pensioner, as my partner in respect of prospecting license No.350, dated 19th August 1911, held by me for Mica, Asbestos &c., over the Kabbur block in Hole-Narsipur Taluk, Hassan District. A draft of the agreement proposed to be executed by us in respect of the transfer is herewith submitted. I request that you will be good enough to obtain the sanction of Government to the proposed transfer if this is necessary.

In view of the increased demand for "Asbestos" and also in consequence of some enquiries for "Mica", it is necessary that operations on the block should be carried out in future on a better scale, and for this purpose a large sum of money has to be spent.

We have decided therefore to take out a Mining Lease over 160 acres of land comprised in the prospecting block, and to continue to retain the remainder of the area under the prospecting license.

A formal application for the Mining Lease together with a rough plan showing approximately the situation of the Mining Block is herewith submitted for kind sanction.

SIR

In reply to your letter No.G.4582/Geol.34-17-4, dated 3rd October 1917, I have the honour to state that the transaction referred to therein between Mr. T.Chinnasami Iyer and Mr. M. Singaravelu Mudaliar, in respect of Prospecting License No.350, amounts to a transfer of a portion of the interest held under the license by the former to the latter and cannot, therefore, be fairly regarded as a fresh application for the grant of a new license to them. The transaction comes under Rule 26 of the Rules for the grant of licenses and the sanction of Government to the transfer has been applied for in accordance with that rule and in compliance with clause 13 of the prospecting license.

With reference to your No:4333 of the 21st instant calling for my opinion in the matter of granting a mining lease to Mr.T.Chinnaswami Iyer, the present holder of prospecting license No;350 for mica and asbestos over a block of land, I have the honour to inform you that mining lease cannot be helped. Further renewal of prospecting license for a larger area than essential for immediate mining blocks out other enterprise and should not as a rule be allowed. The idea of license appears/to be to save the heavy rental on a mining lease of Rs.1/- per acre, but still hold the prospective mining lease as a prospecting license paying one anna per acre. I am of opinion that Mr. Chinnaswami Iyer should be asked to make up his mind once for all either to convert the prospecting license enbloc into a mining lease or make selection without any lien on his old prospective license other than the mining lease he has applied for.
